## EXPAND YOUR LIMITS

privatize the profit  
socialize the losses  
all about perspectives

the narcissism of prestige  
the confidence of humbleness  
find happiness in loneliness

we learn from history  
that  
we do not learn for history

at the modest price  
of your dignity

get the right feeling  
get the feeling right  
in the mood for genocide

give a little time  
little time to give  
this is coming from me

I am the shadow  
fed by resentment  
for the choices  
lacking sentiment

it's hard work  
not to be greedy  
it's hard work  
not to be lazy  
it's hard work  
not to lie  
put in the work  
no matter why

expand your limits

## DANCING SPIRITS

You are like a brother  
to me

I guess I meant  
like a lover  
to me

I guess I meant  
like a loser  
holding a mirror  
to me

Days have gone  
and had gone  
and who's to say  
who is right  
or wrong  
even if you made me feel  
like I don't belong

I miss you  
that's all

## DOUBLE HEADED COIN

and people  
wonder

why I stay home  
in the midst

of war and treachery

I don't suppose  
to soul

but to reborn

from my  
ashes to ashes

I was a junky  
now I stand on  
my own

two feet

too many  
deeds and fixes

the mission is not complete  
closer than it seems

out for delivery  
in for proclivity

I look for pleasure  
right into her pale/tanned  
complexion

I fell

so high so low  
so easy at night  
even when they bite

so good so bad  
so hard to let  
the prize out of sight

mastermind your reality  
engage in sexuality

brief but to the point  
shake your loins  
in solidarity

to find out  
the difference

between

being and not being

just toss a  
double headed coin

GIVE IT A TRY

when science fiction  
becomes  
science fact

you'll feel it  
crawling up  
your ass

you have not seen the last of me  
you have not seen any of me

exploiting insurrections  
there is no progression  
anymore

National Insecurity  
absolute authority  
moral superiority  
uneven prosperity

the measurement  
of selfishness

dilatory

total scarcity

animosity

digital singularity  
for the masses

therapeutic nihilism

can't stop yourself from dreaming  
of a better future

"the sand is falling"  
so said Confusion

if you die  
before you die  
you won't die  
when you die

so give it a try

HAPPINESS IS A WARM PHONE,  
UNCLE

stranger's lips  
I need my fix

stranger's lips  
fake pic

stranger's lips  
get it quick

stranger's lips  
s/he ain't a human being

stranger's lips  
losing sight of the truth

stranger's lips  
signaling virtues

stranger's lips  
turned to invisible bloom

stranger's lips  
now they are blue

stranger's lips  
because of you

trained to beseech  
stranger's lips

A PILE OF GARBAGE THAT MADE  
ME LOOK

ripped off  
for love  
it hurts  
to pretend  
fully-formed habits of delusion

rouse off  
for love  
it harms  
to be inert  
shake the rust of illusion

when she looks away  
I deserve a holiday

false promises  
to fuel my  
entropy  
leitmotif  
for a peace of mind

jacked off  
for love  
it's a role  
to impose  
dissolve my mental occlusions

cut off  
for love  
it tholes  
to decompose  
cold-hearted exploiting my  
confusion

there is revelation  
in the limitations

when I stay the same  
she makes me feel ashamed

déjà vu  
me and you

for love

## BLACK SUNFLOWER

it's like I am there  
in the middle  
of her everything

and yet I fail to see

nowhere, is that  
shadow of me

I am creeping  
towards the outside  
drawn back-in  
by your smile

the distinction is clear

good and bad

men

## CALL OF BOOTY

be my power user  
not, a sole abuser

space-time parallels  
for vertical integration

what I write is my defense  
against the spirits  
in my head

for a moment  
lost the thread

sexually explicit  
acts of common sense

heat dissipation  
gives off a smell

be my seducer  
not a sore loser

## RELIEVE|RELIVE THE BELIEVE

I wanted to jump across the  
screen

and kiss you  
uncertainties  
that I don't want to have  
but they are really  
a way to avoid regret

so why don't I just  
dive in  
and fill, the spaces  
in between

I need emotion  
with duration  
you heed devotion  
no hesitation

contemplation

I want to be the one  
you look at  
when things are tough

I want to be with you  
all the way  
it is clear to me  
as night and day

embrace me and  
there will be  
no limits

love me  
as I love you  
believe in me  
as I believe in you

ROUGH ENOUGH

cycling anger  
childish spite

disseminate  
my pieces of mind

pride is fall  
not just a word  
that hurts me  
when I get too close

prioritize  
my hypocrisy  
feed me  
with illusions  
deputize  
my confusion

(it's) the only solution

detach  
    stay intact  
retract  
    don't interact

she likes it  
rough enough

## CRIMSON MOONFLOWER

Since I came  
the other day

I feel  
I don't need  
to explain

my humanity  
is already  
artificial

and yet  
I fear  
the superficial

Don't follow  
involuntary  
contractions

Hope is always there  
and it's rotten

it takes you by the hand  
straight into a vortex

then it lets you go  
chasing the forgotten

Oh miserable  
will you be

if you let  
hope  
become  
your  
dope

## LEVENSHTein Vs HANNING

pray away  
the day

shake that  
sultry snake

laying in bed  
next to your pen

high times  
easy rhymes

cluster clouds  
cast no doubts

moon walk  
without boots

jump over  
my hump

duck away  
from luck

having fun  
under the sun

spin around  
their grins

this scene is  
too green

meet your  
basic needs

a rainbow  
in  
a whirlwind  
of butterflies  
on mushrooms

and don't  
you care  
if I do it  
or not

I AM

therefore

I am

what you think

the trend is a friend  
intentional neglect

a voyage of discovery  
beyond memory

how do you like my status of  
inferior male specimen?

insects on the dancefloor  
flooded with cortisol

searching for a breakthrough  
buy into the image  
to the bone

an unambiguous fallacy  
fragile commodities

make yourself happy  
with a true prospective

rejecting = accepting

glamorizing suffering  
my adrenal exhaustion  
your approval rating

led by obesity  
hit by gravity

cum twice  
it's a roll of the dice

it is a weakness  
to be a true gentleman

this is you  
this is me  
this is everything there is

obsessing over excesses  
become  
an agent of change

pass the blame  
'till it satiates  
all the angry neurons  
in my brain

astute thinking  
yet I am sinking

failure = success

difficult times ahead

your captive demand  
my unsteady hand

I consume  
therefore  
I am

BELONG TO US WHOLE

weird bodies  
beautiful minds

defend me  
from what  
you want

escape from hate  
control your love

the real world  
has seen it all

we know what we know  
and suppose it's all  
there is to know

so save it and  
scroll

the bad deal  
belong to us whole

## NOTHING IN YOUR VEINS

that moment  
of contemplation

& decision

a self-righteous  
direction

a thousand words  
rushed into the emotion

& then regret

a thousand thoughts

self-examining  
monologue

that moment of  
indecision  
& neglect

of rejection

& condemnation

scattered affections

scolding pain  
persistent strain

phantom indecisions  
hunting reasons

irresolute will

are keeping my heart still

it's all right  
if it feel right

so tell me how  
does it feel right

when there's no deny

you have no shame

nothing in your veins

SOMETHING TO BE PROUD

snails pulled out  
something to praise

community work  
indecent thoughts

moral shovel  
to bury  
real bodies

for all intent and urges

super extra pious  
live by a device

inebriating & infectious  
straddle the many sites

firmly hold  
her penis

united in segregating  
death to the non conforming  
I encounter opportunities

every smile  
filled with self loathing

conslutant frienemy

sacrificing the truth  
in the name of  
fake safety

something to be proud

## RELEASE THE BLACK BOOK

don't feed  
the need

to perceive  
that you are  
esteemed

it stops  
the bleed

but not  
the need  
to feed

a friend in need  
is no friend  
indeed

where there's a way  
there's a will  
and if you will it  
it is a dream

free to pursue  
free to persecute  
free at last

to be  
good

## IN YOUR LIFETIME

here to stay  
another day

out of date  
throw away

feeling safe  
child's play

truth decay  
made of clay

click bait  
labor rate

nazy cupcakes  
pathological games

these days  
masturbate

put on  
an happy face  
and

stop digging  
your grave

make the  
best of  
it

now,  
in your  
lifetime

## OUT OF YOUR COMFORT ZONE

those transformative  
thoughts  
the force of  
understanding

appearing & disappearing  
perpetually

run with the truth  
that you will die

the freedom of youth  
fueled by desire

it just happen  
to be denied

reality is benevolence  
drop the violence  
stop the  
incongruence

of your being

trust that  
you will find her  
and  
she will find you

out of your comfort zone

DER VORBOTE

the edge of sound  
exposed nerve

and the creed to expect

been around  
done that

and now,  
here comes the regret

stocked up fridge  
benzodiazepine

the same routine  
binge and purge

I have to suffer  
to criticize

before I realize

I am my own demise

I speak  
you don't listen

but you answer

être  
ne pas  
être

it's implied

I guess  
I am not  
at my best  
maybe  
I am  
depressed

or just need  
some rest

as I have been  
detected

cheering for the  
unexpected

non stop  
never ending  
toxicity

ashamed of nothing  
offended by everything

lies to indoctrinate

imprisoning protocols  
powered by bots

separated from nature  
bit by bit

the end is night  
I see it  
in their eyes

in the stillness  
a whispered cry

der vorbote

TO EXIST

is it me  
is it me  
doing this

ending this  
firing me  
tickling me  
this dot me

spaces  
divisives  
elusivessss  
ssssssss

it is me  
it is me  
doing this

this instance  
is an  
object  
of  
society

and I am  
the product  
of  
the  
dot

accelerate  
to excel

it depends  
do not sweat

came down  
went out

now it matters

now it

| don't  
| doesn't

will it matter then

since we pretend  
all is well

lost connection  
over protection

do we don't we  
should we  
why we  
resist  
to desist  
I insist  
to consist

to exist
